Capabilities Statement

TURNKEY MODULAR SOLUTIONS

Diversity Resources Group (DRG) provides turnkey solutions for Federal agencies with modular building construction requirements. Our combined capabilities in construction, modular buildings, design services, site construction services, project management, Quality Control, and safety make us the choice contractor for both planned and emergency response projects. We offer short- and long-term leasing options, SCIF consulting services, and immediate access to a qualified team of experts through directed, sole source 8(a) contract awards.

EXPERIENCE MATTERS

DRG is a quality provider of temporary and permanent modular structures, light gauge steel, and secure storage solutions. Our team has over 28 combined years of modular management experience and a proven track record of putting customers first. We have built a variety of modular structures, including office buildings, man camps, medical clinics, hotels, SCIF buildings, 3- and 4-story permanent modular barracks, and a host of other building types for government, commercial, and residential customers.

QUALITY, QUICKLY

Our expedited construction methods allows us to build a permanent modular structure in a fraction of the time using the same materials used in conventional construction. We also offer short- and long-term leasing options for any size building. Our creative, consultative, and resourceful approach to satisfying and exceeding customer requirements sets us apart from other providers.

Quality you can
count on.
A partner you
can trust.
