

CAPABILITY STATEMENT

DRG-NABS Inner City Bank Construction

Diversity Resources Group LLC has teamed with North American Buildings, Inc. to provide turnkey Banking Solutions

Diversity Resources Group LLC (DRG), the largest African American-owned off-site construction firm teams with North American Buildings, Inc. (NABS), the largest Veteran-owned off-site and on-site financial institution builder to form **DRG-NABS Inner City Bank Construction, LLC**, a single purpose entity to support multiple financial institutions newly announced plans to expand access to banking facilities in underserved inner city areas throughout the United States.

DRG-NABS Inner City Bank Construction, LLC, offers a wide range of custom products from single-unit temporary banks to large multi-unit/multi-story permanent banking facilities.

Diversity Resources Group

(DRG) is the largest African American-owned modular company in the nation. Founded by Wayne T. Lawrence, the former co-founder of the highly successful, Warrior Group, DRG is a nationally certified MBE and SBA approved small business that provides turnkey modular building solutions for federal, state, and private entities. Our team brings over 100 years of combined site and modular construction experience, specializing in design services, site construction services, project management, quality control, and safety for permanent and temporary modular facilities of all types and sizes utilizing wood or steel frame construction.

North American Buildings

(NABS) is driven by Tommy Thompson, a long-time industry fixture. North American is a veteran owned financial construction company and equipment dealer, whose team has successfully completed over 800 projects in the United States and rests on the shoulders of well over 150 years of combined financial construction experience. We are a turnkey design and construction corporation that uses modular/off-site or traditional site built construction models. North American has a full drafting department, project coordination department, staff architects, business continuity programs and a disaster recovery team. North American also has the largest fleet of temporary financial buildings in the United States that are used every day keeping branches open and consumers access to financial needs.
